

Please sketch out an idea of what you would like your ad to look like, if you have specific colors in mind please indicate so. We will then connect you with a graphic designer who will guide your ad to its visually impactful, finished state.

****Some Suggestions for Effective Advertising:**

- Keep your message simple, should be able to read in 5-10 seconds.
- Choose contrasting colors, non-contrasting colors will blend together from a distance.
- Your message should be brief and clear generally be kept to 7 words or less (2 lines)
- Lettering type should be large, simple, clear and easy to read.
